NOTE: The above is a list of current people, groups or organizations that are providing genealogical services in Lithuania. The list was generated from a survey conducted within our Lithuanian Genealogy Yahoo Group requesting our members to provide us with a name, email, and service provided. Based on the group response, a genealogy research survey was generated and sent to the identified researchers. The questions asked in the survey are intended to help those determine which researcher might better meet an individual need. Those researchers included in this list are from those that responded to the survey. This list does NOT constitute an endorsement by LGGG. As with any type of service, LGGG highly recommends you review the information, determine the best fit for your needs, and then contact them directly. Happy Hunting!
